COAST RECORD. LEONARD ARRESTED.

The Santa Clara Bank Manager Indicted

For Embezzling \$8000 from the Concer's Funds.

He is Now Dangerously Ill in San Francisco.

A Congress of Grangers—The Austin Creek Disaster—Value of Western Bullion—Mexicans Break Jail—A Northern Volcano.

By Telegraph to The Times.

SAN FRANCISCO, Jan. 17.—(Special.) A Santa Clara dispatch to the Chronicle says that the grand jury has returned an indictment against H. M. Leonard, manager of the defunct Santa Clara Bank, on a charge of embezzling \$8000 of the funds of the bank. Leonard is under arrest in San Francisco, and, as he is too ill to leave his bed, Deputy Sheriff Oscar Shore of Santa Clara is on the ground with a warrant ready to bring him to San Jose to answer the charge as soon as the prisoner is strong enough to stand the trip.

For several days, the Santa Clara grand jury has been investigating the facts of the robbing of the bank, and a number of witnesses have been examined. Among them are: J. F. Brandon—the expert, who examined the books of the bank at the time of the wreck, and Directors Eberhard, Frank and Dibble, all of whom told of how the funds of the institution had been appropriated by Leonard and C. C. Hayward, the dead cashier, and sunk in stock speculations.

Several days ago subpoenas were issued for Leonard and were sent to the police in San Francisco for service, but he could not be found until this morning when Sheriff Bollinger of Santa Clara, after looking about the city all night, found him in his lodgings, the Hotel O'Farrell street. A warrant for his arrest had meanwhile been issued. Leonard is dangerously ill from cancer of the stomach, so the Sheriff left Deputy Shore in charge and returned to San Francisco.

Pierce, the president of the hotel bank, and Bank Commissioner Knight went down to San Jose to testify before the grand jury. It is said that five or six additional indictments will be returned against Leonard. It will be remembered that the failure of the Santa Clara bank, last spring, was the occasion of the day. The discovery of the bank's insolvency followed on the death of Cashier Hayward. Leonard closing the institution the day after that event. It was then found that Leonard and the others had embezzled \$100,000 from the institution of over \$200,000.

The authorities were loth to proceed against Leonard who had been considered among the very best and wealthiest citizens of Santa Clara, being a church member and teetotaler. Many refused to believe that the leader had been guilty of the crimes alleged. The money was lost in stock speculation on the San Francisco board.

AN UNEXPECTED STORM Rain Over Northern California With a Storm Along the Coast.

SAN FRANCISCO, Jan. 17.—(By the Associated Press.) An unexpected and somewhat unusual storm is reported this morning as having moved during the night from the ocean and blown off the Washington coast. The storm developed with unusual rapidity and brought rain over Northern California today with severe gales along the coast.

The winds had a velocity of eighty-four miles an hour at the mouth of the Sacramento River, and thirty miles from the southeast at San Francisco. The storm tonight is central over Western Washington and the barometer has fallen over the entire Pacific Slope. The weather tonight is cloudy and rain is falling with snow in the mountains.

GILROY, Jan. 17.—Heavy rain is falling here this afternoon which, though not needed, is still welcome as making a propitious season doubly sure.

THE AUSTIN CREEK DISASTER. All Bodies but Two Recovered—The Road Injured.

SAN RAFAEL, Jan. 17.—(By the Associated Press.) The last report from the Austin Creek accident is that all bodies but two were found. The remains could not be ascertained. As the bridge is washed away and as the storm is again raging in that section of the country it will be some time before railroad communication between the Northern section of the country can be had.

An inquest was held on the remaining bodies by the Coronet's jury and resulted in a verdict of accidental drowning.

PRISONERS ESCAPE.

Posse are in pursuit. Three were shot. Jailer Sam Olney was asleep in the room adjoining the jail.

of the landscape feature of the exposition and the grounds, which have been widely advertised as one of the features of the exposition will be satisfactorily brought about. Large quantities of pansies, poppies and other early California spring flowers are arriving for borders and terraces of the Grand Court. Recent rains have worked to advantage in this connection. The next rains will have been set aside for Grange days.

Twelve carloads of exhibits arrived at the grounds today.

SENSATIONAL SUICIDE.

A Thief Blows His Brains Out on a River Steamer.

BENICIA (Cal.) Jan. 17.—(By the Associated Press.) A sensational suicide occurred on the steamer Dauntless just below this place this evening. Among the passengers on the steamer was John Reedy, a City Councilman of Modesto. A stranger, who said he was going to Modesto to work for a man whom Reedy knew, was offered a bed in the latter's stateroom. The fellow went out later, taking Reedy's valuables with him. He was overhauled by the boat's officers, but took a revolver from his pocket and blew out his brains in the presence of Reedy, Mate Johnson and Agent Keniston.

SAN FRANCISCO, Jan. 17.—(By the Associated Press.) A civil suit, brought by the directors of the Veterans' Home Association, to recover from Clark E. Royce, their ex-treasurer, money said to have been appropriated by him ended today in a verdict for the plaintiff for the full amount of the alleged defalcation, \$18,000 with interest. A VOLCANIC MANIFESTATION.

Mt. Jefferson Belches Foul Clouds of Smoke and Steam.

SALEM (Or.) Jan. 17.—(By the Associated Press.) Creditable witnesses declare that Mt. Jefferson belches forth clouds of smoke and steam at sunrise this morning. The world has been awaiting the report of the Corbett-Mitchell contest, you can do so after arranging for the necessary tickets."

It is understood that should the troops be massed in Jacksonville, which would probably be the Duval Club's first call for tickets, the club would be paid for tickets to the new meeting-grounds after the crowd has been "sized up." The Duval Club has evidently explained its plans to the two principals for tonight Corbett issued the following statement:

"I take this opportunity of informing my friends throughout the country that I have received assurances from the Duval people that the tent leaked out tonight, and, coupled with the fact that work on the arena has been practically abandoned, seems to indicate that the battle will take place outside of the city. Gov. Mitchell admitted to Bowden that outside of Jacksonville it would be impossible for the militia to prevent it."

Later—Sheriff Broward left for Tallahassee tonight on invitation of Gov. Mitchell. He would not state what the purpose of the interview was to be. State's Attorney Hartridge held a long interview with Corbett today at Mayport regarding the legal aspect of the situation.

The Senate met at 2 o'clock, and, after adopting a resolution asking for a conference with the House on the subject of the deadlocked bill, took a recess until tomorrow afternoon.

The House, by a vote of 34 to 11, refused to concur in the Senate's resolution for a conference.

The Pride of Kansas.

SAN FRANCISCO, Jan. 17.—Governor Lewelling of Kansas arrived here today to spend the week visiting with his friends.

FULL OF SAND.

Robbers Stand Off Police and Citizens.

Remarkable Affair in Which a Prominent Citizen and Two Desperados are Killed—A Chase in Rowboats.

By Telegraph to The Times.

DANVILLE (Pa.) Jan. 17.—(By the Associated Press.) Five masked outlaws made a raid on the post office at an early hour this morning. A policeman saw a masked man crouching in the doorway and drew a revolver, but before he could fire the stranger slipped around the corner. The policeman gave the alarm, and in a few minutes was reinforced by two other officers. They ran to the post office in time to meet the mysterious stranger emerging from the door, followed by a companion. They drew a whistle and commenced firing revolvers at the policeman, who dodged behind the lamp-posts and returned the fire.

The winds had a velocity of eighty-four miles an hour at the mouth of the Sacramento River, and thirty miles from the southeast at San Francisco. The storm tonight is central over Western Washington and the barometer has fallen over the entire Pacific Slope. The weather tonight is cloudy and rain is falling with snow in the mountains.

A HOLD-UP.

Five Masked Men Rob a Train at Ray's Branch, Mo.

ST. JOSEPH (Mo.) Jan. 18.—(By the Associated Press.) Train No. 3 on the Kansas City, St. Joseph and Council Bluffs road was held up this (Thursday) morning at Ray's Branch, the scene of the robbery of September 25 when two robbers were killed and four captured.

The train this morning was stopped by a red lantern and the job was done by five men in the usual manner. The express car was looted, but it is not known how much was secured. A number of shots were fired but a body was hurt. A posse of deputies is in pursuit. The passengers were not molested.

BOSTON SHOCKED.

Midway Plaisance Dancers Scandalize the Aldermen of the Hub.

BOSTON, Jan. 17.—(By the Associated Press.) By a unanimous vote of the Aldermen at a special meeting to day, the notorious "Musical" "Midway Plaisance" dance, alleged to have been performed by dancers from the Midway Plaisance, World's Fair, has been officially declared immoral and banished from Boston. This action is the result of an investigation by two Aldermen who witnessed the exhibition at the Howard Atheneum. It is alleged the action is due to certain influential persons having a grudge against the house.

Two Glove Contests Arranged With the Tampa City Council's Sanction.

TAMPA, Jan. 17.—(By the Associated Press.) A glove contest has been arranged for Friday night between Joseph Robertson of Tampa and James Johnson of New York for \$1000, and also one between Ed Tillman of Jacksonville and Butler Greer of Baltimore for \$500. Tampa City Council is encouraging the contests, claiming there is no law in Florida against prize-fights. As Tampa is the government's home, he is likely to be heard from.

BAILEY'S MOVE.

The Sub-Committee of the Judiciary Committee May Check Carlisle.

WASHINGTON, Jan. 17.—(By the Associated Press.) The sub-committee of the Judiciary Committee, to which was referred the resolution of Representative Bailey, stating that the Secretary of the Treasury had no right to issue bonds to supply the current treasury deficit, held a meeting today.

Representative Goodrich, a member of the sub-committee, desired to confer with the Secretary of the Treasury before voting upon the resolution, and in order to enable him to do so the committee adjourned until tomorrow.

This does not, however, delay progress in the committee, because the full committee could not receive its report before the regular meeting on Friday next. There seems to be no doubt that the sub-committee will make a favorable report on the resolution.

Senator Allison, a member of the Senate Finance Committee, said that Congress ought to have been called upon by the Secretary of the Treasury to take up the bond question before the tariff as the former was more pressing. The Secretary did not come to the Senate Finance Committee until after the House had been buttoned up a month with the tariff bill, and could take no action.

The appointment of Mr. Dearmond of Missouri as a member of the House Judiciary Committee makes the Democratic membership of that committee almost a unit against the bond policy.

THE MEXICAN RACES.

EXTRAVAGANCE AND REACTION.

As might be expected, it is not only individuals and corporations which feel the pinch of these hard times, but also governments, many being seriously involved at present. The almost bankrupt condition of the Italian government, necessitating great increases in taxation, is the cause which led to the recent disturbances in that country, the Emperor of Germany has announced that the growing deficiency in the treasury can only be relieved by reorganization of the finances of the empire. Here, in this country, the treasury reserve is down lower than it has touched in many years. Fortunately the resources of this country are so immense that there need be no fear of serious or permanent embarrassment on the part of the government. Such, however, is not the case with most of the other countries of the world, which have already in most cases had to squeeze the last dollar out of their patient and long-suffering subjects to defray the expenses of the enormous armaments which they keep up.

The fact of the matter is, that during the past twenty years times have been much more money plentiful, and the whole world has been spending freely, making no serious thought of the morrow or how people were going to earn the interest on the enormous sums which have been invested. Now that the natural reaction has come, all countries, including the United States, will have to come down to a practical, common-sense basis, and introduce a little reasonable economy into their individual, corporate and national affairs.

AFTER THIRTY YEARS.

It is thirty years since the war of rebellion closed and the great work of restoration and reconciliation commenced. It was no light task to rebuild the republic which had been torn and rent by bloody strife and fierce sectional hatred, upon the basis of permanent peace and unity, with the new corner-stone of universal freedom. It has taken time to adjust differences, to wipe out prejudices, to heal old wounds, and to quicken devotion to the constitutional government established by the founders of the Union. But today the principles underlying this government mean more for the American people than ever before, for the fact is recognized that we are not simply a confederation of states, each with its own independent sovereignty, but one nation, one people, united under one flag, each State a part of the great whole. The permanence of the Union is the basis of all sections of this vast republic, we find men who consider it their highest glory that they can say, "I am an American citizen." Very rapidly those who took part in the war against constitutional government, passing away from the stage of action and those who have risen to fill their places are not filled with the bitterness which stirred the hearts of their fathers when slavery was an institution of the South, dominating local prejudices and opinions and controlling public policy in a way which looked to its perpetuation. With the wiping out of every thing need be no dividing line between the North and South, for the time of contention is removed, and the interests of both sections can more easily be made to harmonize.

As an evidence of the softening influence which time has brought and the tendency toward a better state of feeling between the North and South, note with pleasure the proposition which comes from the Grand Army at Atlanta, Ga., that the annual and Army encampment be held in the city in 1895. Of course, it is not to be understood that the invitation is extended by the mass of the citizens of Atlanta themselves, yet, coming as it is from those who have lived among us for a time, and who must be familiar with public sentiment in their midst, we can but conclude that the thirty years that have elapsed since the close of the war have produced a marked change in popular feeling as regards matters which once divided us. If this be true, Cleveland is doing enough hard thinking just now to make him live to be a hundred. But maybe there is too much of worry about it to make it wholly a cause of a benevolent character in any way.

Mr. Buchanan of Pasadena said the principle, the corner-stone of the movement, should be investigation, and not all things. It should be kept secret, and it should be kept secret against jealousy, which was so liable to spring up and interfere with the work. He thought every charitable society should have a representation in the Associated Charities. If charities are to be represented in the Associated Charities, they should be in all the churches the coming Sunday, and hoped that the pastors and congregations of the city would co-operate in this good work.

Ex-Mayor Toberman thought that it would be a good idea to have the Associated Charities do not interfere with other organizations in any way.

Mr. Buchanan of Pasadena said the principle, the corner-stone of the movement, should be investigation, and not all things. It should be kept secret, and it should be kept secret against jealousy, which was so liable to spring up and interfere with the work. He thought every charitable society should have a representation in the Associated Charities. If charities are to be represented in the Associated Charities, they should be in all the churches the coming Sunday, and hoped that the pastors and congregations of the city would co-operate in this good work.

Jules Simon, thinks the surest recipe for attaining a half old age is "intellectual work." If this be true, Cleveland is doing enough hard thinking just now to make him live to be a hundred. But maybe there is too much of worry about it to make it wholly a cause of a benevolent character in any way.

A dispatch from London announces that a well-known pugilist has been committed to prison for twelve days for debt. How much better they manage the thing in this country where a couple of pugs can defy the Governor of a state.

A colony of a thousand French vineyards will probably be established near Yuma. Yuma may become quite a city yet, should the channel of the Colorado River be deepened so as to admit ocean-going vessels to that point.

So Secretary Carlisle has called for subscriptions to a \$50,000,000 bond issue, and will pay 5 per cent. interest? This will net his Wall-street friends a handsome sum even in the short space of ten years.

The prosperity promised by the Democratic party in the event of Cleveland's election is not yet in sight. How much longer must we wait for it?

Cleveland must distribute his pie-cutless on a sectional basis or there will be even more pronounced murmurings heard in the camp of the faithful.

[AMUSEMENT RECORD.]
AT THE PLAYHOUSES.

ATTRACTION TONIGHT.—The great benefit performance for the Grover-Rankin companies will commence at 2 p.m. today and last until 11 o'clock. The bill was set out in detail in this column on Tuesday, and may be found in the amusement advertising columns today. It is certainly one of the most varied and interesting programmes ever prepared for a benefit performance, and the taste that cannot be suited in this gorgeous menu of theatrical riches must be one dulled by more good things than is allowed to the ordinary dweller on this side the divide. There were specialty acts, different plays by the members of three theatrical companies, together with the efforts of accomplished amateurs. The cause is one that is deserving, and the kindly patronage of the public is asked with the full assurance that everybody will get more than the worth of their money.

Patti Ross has gone through this season, so disastrous to many attractions, with a growing popularity. We are told that at Denver week before last she crowded Tabor's Opera house at every performance, and that the special engagements that theater has had this season. She comes to the Los Angeles next Monday night, and will be seen in "Miss Dixie," said to be in its present form the best medium she has had. The King of the city, who is with Patti Ross stands practically alone in the class of plays and style of work popularized by Lotta and Maggie Mitchell. She is in all respects a clever little woman, and her work is of a character to appeal to every class of theater-goers."

ON A WORKING BASIS.

The Associated Charities Rapidly Perfecting Details.

Encouraging Speeches by a Number of Well-known Citizens—Interest in the Organization is on the Increase.

Pursuant to a call of the president of the Associated Charities, a meeting was held at the association's office, rooms 11 and 12, Courthouse, yesterday afternoon at 4 o'clock, for the purpose of effecting an organization of ward councils to act in conjunction with the central council. There were present about one hundred persons, including many prominent citizens, who are identified with this philanthropic movement.

The president, William Prichard, occupied the chair. He stated briefly the objects of the meeting, and expressed the hope that it would meet with the hearty co-operation of those present. He also invited suggestions from any so disposed.

County Clerk Ward was introduced. He said his experience had been extended in work among the poor. He had found that one of the chief difficulties was the impositions practiced upon the charitably-inclined by unscrupulous persons which hurt the cause of the deserving poor. He cited a case in point of a man who went to Mrs. Holbenbeck, representing that he came at the instance of Mrs. Workman and Mrs. Bath. The lady gave him \$5, and it transpired that the signatures to his letter were forgeries, and that the man was an impostor. This was what made him disgruntled. He suggested that every charitable organization should have upon its books the names of the indigent that it assisted. This would be of great service in looking up cases.

Ex-Gov. J. J. Gosper from the Third Ward coincided in this. He also complimented the Associated Charities, and it was a very laudable and just direction, and that he would co-operate with them so far as lay in his power.

Brainard Smith spoke briefly in the same strain.

Councilman D. M. McGarry explained that an audit was made in the works. He said it was difficult to distinguish the worthy poor from the frauds, and that an organization where strict investigations were made would do much to correct this state of affairs.

George W. Parsons asked if all the benevolent societies of the city were represented in the Associated Charities. He was told that nearly all of them were.

Mrs. Widney thought that all the charitable societies should co-operate and work through the Associated Charities.

Mr. Ducommun, president of the Ladies' Benevolent Association, said that in future all cases coming to them would be reported to the Associated Charities before any action was taken.

The attention of our Democratic brethren here in California is respectfully called to the fact that the only two reductions of wages at Mare Island have taken place under a Democratic administration—the administration which was to bring such good times to the American laborers, and the promise of which made him so eager to vote for a "change."

The Northern California Citrus Fair will be opened on Saturday in San Francisco. The central and northern counties have erected a splendid building, and have done their utmost to make a grand display. Southern California will make a big mistake if she expects to have it all her own way at the Midwinter Fair, even in her specialty of citrus fruits.

Jules Simon, thinks the surest recipe for attaining a half old age is "intellectual work." If this be true, Cleveland is doing enough hard thinking just now to make him live to be a hundred. But maybe there is too much of worry about it to make it wholly a cause of a benevolent character in any way.

Rev. Charles S. Vale said he would co-operate and assist in the work.

B. C. Ludlow spoke briefly to the same effect.

The following-named persons volunteered to undertake the formation of councils in their respective wards:

First Ward—Mrs. Josephine Marrott, No. 121 South Hayes street; T. J. Osborne, No. 120 Roster street.

Second Ward—B. L. Hess, First and Belmont avenue.

Third Ward—Ex-Gov. J. J. Gosper.

Fourth Ward—B. C. Ludlow, No. 1415 South Hope street; Mrs. M. J. Upson, 231 West Fifteenth street.

Fifth Ward—Rev. Charles S. Vale, No. 117 South Twenty-first street.

Sixth Ward—Henry Tubbs, Main and Twenty-ninth streets.

Seventh Ward—Brainard Smith.

Eighth Ward—Not represented.

Ninth Ward—T. H. Ward.

By common assent, it was decided that the new organization would be general on Wednesday, January 24, for the purpose of forming sub-committees to proceed more fully with the work.

The meeting then adjourned.

FILED HIS BOND.

Guardian of Mrs. Annie A. Pratt.

Letters Issued to Judge Campbell of 'Frisco.

uit for an Accounting Against Gen. Mansfield and Wife.

Divorce Business in the Courts—The Bryant Damage Suit—Adjudged Insane—The Calendar for Today.

E. L. Campbell, Esq., of San Francisco, who was recently appointed by Judge Clark as guardian of the person and estate of Mrs. Annie A. Pratt, a competent person, duly qualified yesterday afternoon, and upon filing the requisite bond in the sum of \$800 received his letters of guardianship from the County Clerk. The sureties upon his bond and the amounts for which they qualified are as follows: J. M. Marle, \$40,000; Dr. W. O. Gravas, \$40,000; James H. Harris, \$25,000; F. N. Meyers, \$20,000; Thomas Phelps, \$20,000; F. N. Meyers, \$6,000, and W. T. Sessions, \$15,000.

Mr. Campbell's first official act as such guardian was the commencement of a suit on behalf of his ward against Gen. E. Mansfield, John Mansfield and the Farmers' and Merchants' Bank of this city. This action is brought to compel the Mansfields, husband and wife, to account, under the direction of the court, for all money and property received and converted from the estate of Mrs. A. Pratt, and for all dealings and transactions of them, or either of them, with said Mrs. Pratt; to have a court adjudge Mrs. Mansfield and her husband guilty of fraud in this respect; to restrain the Mansfields from receiving, withholding, checking on, removing, assigning, disposing of, or interfering with any of the money deposited in the Farmers' and Merchants' Bank in the name of Mrs. Mansfield, or either of them, and from filing or disposing of any property received or either of them, or the money obtained from Mrs. Pratt; to restrain them from prosecuting an action against the bank in relation to deposit, or from selling or disposing of their claim against said bank.

It is also sought to enjoin the bank from paying out any of the money or deposit to either Mrs. Mansfield, her husband or their agents or assigns. A temporary restraining order to this effect was issued by Judge Clark late yesterday afternoon, upon the filing of an undertaking by Mr. Campbell.

DIVORCE BUSINESS.

In Department Three yesterday morning the plaintiff in the Watson divorce case reappeared before Judge York and proceeded to introduce further evidence in proof of her claim, whereupon the court vacated its order of Tuesday and submitting the matter upon briefs, after hearing the testimony of W. Bigelow, ordered a decree divorcing Mrs. Edna B. Watson from John Watson, upon the grounds of cruelty and intemperance.

Samuel C. Watson, Esq., the defendant in the Hamilton divorce suit, appeared before Judge Van Dyke yesterday morning in response to a citation requiring him to show cause why he could not be adjudged guilty of contempt of court, having violated the order of court of May 29, in his retaining from selling or disposing of any of personal property or household furniture at No. 839 South Spring street, the affidavit filed by the plaintiff in support of her petition thereto, being insufficient, in that it was sworn upon information and belief, the plaintiff were diminished in the art, and the defendant discharged.

The Court Commissioner, C. W. Pennington, Esq., having filed his report findings in the case of S. H. Moore Maggie Moore, an action for divorce on the grounds of want of sufficient cause, Judge Shaw yesterday afternoon ordered a decree for the plaintiff as was prayed for, in accordance therewith.

Pauline Jones has instituted proceedings to obtain a divorce from Thomas on the grounds of want of sufficient cause, in the case of H. C. Walker vs. Nettie Walker, an action for divorce upon the ground of the refusal of the defendant to maintain marital relations with husband, occupied Judge McKinley's attention all day in Department Three yesterday, the matter being heard in closed doors, but was not concluded and will be taken up again this morning.

BRYANT DAMAGE SUIT.

The plaintiff in the damage suit instituted by Orison G. Bryant against Dr. Kurtz, Brainerd and Murphy for negligence in treating his broken leg yesterday, and as a motion for a nonsuit was promptly made by the defendant, Kurtz, it remains with Judge Clark to decide either that the matter will be referred again today or to the fourth day's proceedings commenced with the examination of Dr. H. Maynard, an expert on surgery, who was called upon to give his opinion on a number of hypothetical questions, based upon the evidence as to proper treatment to pursue in case of an oblique fracture of the femur.

Eight other witnesses, including the defendant and his wife, were then called in rapid succession for the purpose. Bryant had no leg to lame as undoubtedly is at present. The case for the plaintiff, wherein Henry T. Gage, Esq., upon behalf of the defendant, Kurtz, moved for a judgment of nonsuit in all various statutory grounds, the latter, after a lengthy argument by counsel being submitted to the court, reserved his decision until this morning.

JUDGED INSANE.

C. Fanning of Compton was duly judged insane and committed to the State asylum at Highlands by Judge Dyke yesterday morning, upon the recommendation of Drs. West, Hughes, Le Moyne Wills, the commissioners appointed to examine him.

Having had been haunting the courthouse for several days past, attempting to destroy the building and one of some of the county's employees by the use of dynamite, much to the latter's consternation, but when presented himself to Cupid Kutz yesterday morning and demanded a marriage license, that usually obliging official, his visitor in possession of his keys, and called upon Under Sheriff Koker, who arrested the crazy individual.

Wings et al., an action to recover \$2745, the premium earned on a policy for \$2000, upon the defendants' stock of general merchandise, in Monte, appeared from Justice McGroarty.

Baldridge et al., an action to recover money alleged to be due from defendants for their subscription as stockholders in an orange-growers' association was called before the trial by Judge Shaw yesterday morning, the plaintiff moved for a judgment of dismissal, which was granted, but judgment was also ordered for the defendants for their costs.

The defendants in the case of R. A. Stasfeld vs. W. H. H. et al., an action to foreclose a mortgage for \$1512.75 on lot 3 of the Morton Home tract at Pomona, having submitted to a default, Judge Shaw yesterday morning ordered a decree in favor of the plaintiff.

The case of L. F. Farnsworth, Fred Kope et al., an action to recover money alleged to be due on an assigned claim, came up for hearing before Judge McKinley yesterday morning, and at the close of the evidence was continued for argument until Monday next.

Hood appeared before Justice Bartholomew yesterday afternoon for examination upon the charge of having a assault Anton Crevecoeur with a deadly weapon at Agricultural Park on the night of January 9 last, but the complainant being unable to identify the offender, the case was dismissed upon motion of the defendant's attorney, there being no evidence to warrant his being held to answer to the charge.

Refused to Go On.

PITTSBURGH, (Pa.) Jan. 17.—Reports from different districts of the railroad and river coal miners indicate that the miners did not obey the order issued at the joint meeting to these bodies last night, ordering a strike in all mines and paying a 65-cent rate. Most of the pits are still working.

Remarkable Case.

A Middleport (Pa.) paper of recent date published the following: "Wyatt Burgess raised the body of his brother last week at the lower cemetery to bury the same in his lot in the hill cemetery. The brother had been buried twenty years, according to his friends. The body was opened, and to the surprise of Wyatt and other friends present, the remains were well preserved and looked as natural as they did the day they were buried. The eyes were open and clear, the mouth had the natural expression, and the features easily recognized by all who knew the deceased in life. All present expressed astonishment."

Latest News Relating to Mid-winter Fair Matters.

Importance of Having Trees Sprayed—Throop Scholarships Free to Bright Students—Personal Notes of Interest—Local Brevities.

A meeting of the committee appointed for the purpose of canvassing for subscriptions for the Midwinter Fair was held Wednesday morning at the office of the First National Bank and a report was given of the amount of money received on. While the substantial amounts had been added to the original subscription of \$100 made on the day of the Board of Trade meeting for carrying out this project, the committee found itself on the whole not encouraged with its success. While a number of prominent gentlemen had given generously, it could not be said that there was a decided tendency in some quarters to unequivocally refuse to loosen the purse strings, and the matter must be acknowledged even by the most sanguine not to meet with unequalled enthusiasm of the majority of the people interviewed. Among the additional contributions were those from E. B. Hurbut; Ed. San Gabriel Valley Bank; \$25; Calvin Sturt; \$25; J. W. Vandervort; \$20; H. V. Fischer; \$15; C. L. Rhoads; \$10; Mrs. Charles Foster; \$5; Mrs. Brown; \$5; Charles F. R. Harris; Stevens Hardware Company; Charles Gardner; Theodore Conant and others whose names are omitted an aggregate amount of something approaching \$100. The work of canvassing for contributions has been somewhat uncertain among the business men as to how this subscription was to be applied, whether for the Fair or for the benefit of a special Pasadena exhibit, all local business firms naturally taking a decided interest in the Pasadena exhibit, if there is to be one. It is the opinion of the committee that the best way is to let the exhibit at the Midwinter Fair Los Angeles County is conceded no special locality exhibits and all funds raised in the county for advertising and promotion on the part of the county exhibit are to be used in a general county exhibit. On this basis a canvass of the town, after the appearance of Mr. Sturt and Mr. Simpson, has practically been made. Some of our enterprising business men, however, always on the alert for Pasadena's best interests, have made applications for limited funds in which Pasadena may be represented in a small way in photographs or otherwise, and the amount appropriated will not more than \$100, this sum to be raised exclusive of or taken from the sum subscribed for the county appropriation.

The committee on the economy of a concession of space to Pasadena, and the appropriation for such an exhibit could be raised in twenty-four hours until something definite is known as to whether Pasadena will have special representation or not subscribers are holding out for a general county exhibit on the local exhibit until a sufficient sum has been raised to insure its success. Work, therefore, is momentarily at a standstill.

SPRAY YOUR TREES.
The Times reporter on Wednesday called upon Fruit Inspector C. H. Richardson at his home on South Moline avenue to inquire into the amount of damage that the recent severe cold has done to our trees by the scale. The visit happened to be made at an opportune time, for Dr. Taylor of Los Angeles, who is an adept in the business, and his assistants, was engaged in spraying the trees in Mr. Richardson's orchard.

After the operation of spraying had been fully completed, Mr. Richardson proceeded to enlighten the reporter on scale matters. The black scale prevails to a large extent in the trees employed by him, a glance at the green and yellow Mr. Richardson's orchard is one of the finest in this vicinity, the trees fairly breaking down under the weight of a crop of luscious fruit.

Work is to be done in the hospital, and a pyramidal building which is to hold the exhibits of this county.
